

CPP30719 Certificate III in Waste Management

Industries: Property Services

Enrol online at: <https://bit.ly/2THq8md>

This qualification is for those engaged in waste management who undertake waste collection and processing across a range of government and private sectors involved in municipal, solid, commercial, industrial, construction and demolition waste management.

Individuals with this qualification perform tasks in varied contexts, which involve known routines, methods and procedures, and judgement in recognizing waste types and managing hazards.

This course is delivered via an on-the-job traineeship, customized to the workplace.

This is a 12-month course run at various locations around NSW.

Contact us to inquire about the next course.

**This training is subsidised by the
NSW Government.**
